## EXPERIENCE

### **LINQ, formerly eSchoolView, Columbus, OH.** **Director Customer Support Engineer**

OCTOBER 2009 - OCTOBER 2024

I helped build a startup into a multi-million dollar nationwide company. Software developer, database administrator, office manager, trainer, support/QA expert. I built hundreds of websites, spun up servers on client networks, created, modified and managed production and dev databases, and maintained the object model for the CMS instances and websites.

### **Jefferson Golf & Country Club, Blacklick, OH.** **Main Bartender**

JULY 2002 - JULY 2009

## EDUCATION

### **DeVry University, Columbus, OH.** **CIS Degree with focus on Security**

OCTOBER 2004 - APRIL 2009

C# development, Java, SQL, networking, focused security track that involved various subjects in the industry; policy writing, firewalls, pen tests, physical and software security measures.

### **Bexley High School, Bexley, OH. — Diploma**

AUGUST 1990 - JULY 1994

## ADDITIONAL INFO

I enjoy building and maintaining systems that clients love to use. I have extensive experience building web applications, console applications, and managing SQL Server databases. I also enjoy building tools for data management, organization, automation, integration, and reporting.
